

THE CITY OF ASHLAND, MISSOURI

PRESS RELEASE

December 8, 2011

How to Keep Your Driveway Clear During Snow/Winter Storm:

The City of Ashland Public Works Department's top priority during a snowstorm is keeping City streets safe and clean, which may require several trips down the same street.

Snow plowed from roads could end up blocking private driveways for some time. We recognize the inconvenience this causes, but because of limited time and resources, plows can only clear private driveways at the request of local emergency officials.

To reduce the amount of snow that might block your driveway, shovel an open area along the shoulder at the entrance (see illustration below). Plow blades will then push snow into the area just before your driveway, leaving a much smaller amount in front of it.
